

OLVEA

Omega Solutions

**Oils for a Healthier Life**

## OUR HISTORY

### A century of expertise

OLVEA Omega Solutions is a subsidiary of the **French family-owned OLVEA Group**, founded in 1929 in Normandy (France).

Our story began with **cod liver oil** sourced from Newfoundland's rich fishing grounds. Over the years, we have developed our approach to omega oils, **from sourcing to refining**, to meet the changing needs of our customers. Built on **expertise** and a profound **respect** for both people and nature, we offer **premium ingredients that enhance overall health and well-being**, solidifying our position as a leading supplier of omega oils.

## OLVEA GROUP

### From sources you can trust

OLVEA provides omega oils as well as specialty vegetable oils for **nutrition and cosmetics** industries.

Our **vertical integration strategy** approach includes production facilities in **Africa** and a **French eco-refining plant**, ensuring **traceability, regularity** of our products' supply, and full **compliance** with the highest standards and certifications.

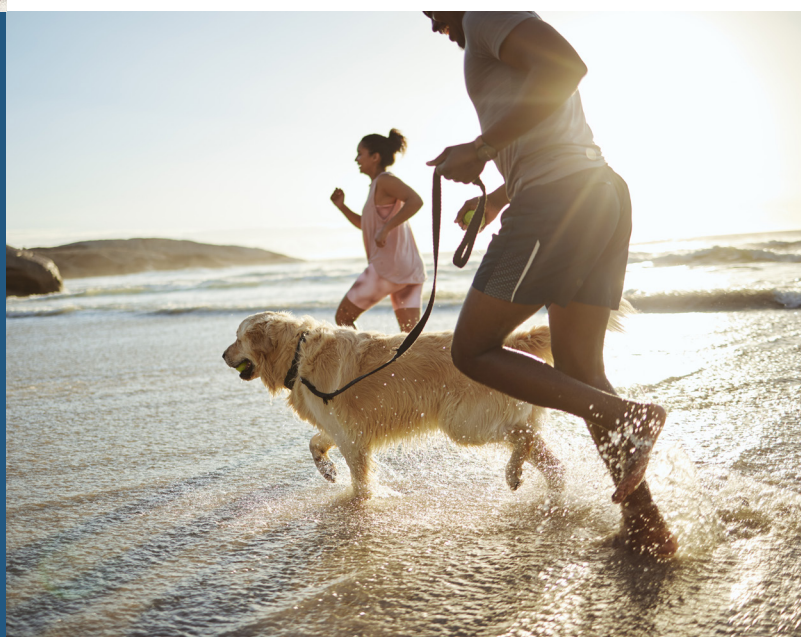

## OUR MISSION

### Oils for a Healthier Life

We provide **sustainable, high-quality Omega oils for the human and animal nutrition industries**, while ensuring a secure and reliable supply. Our customers **trust** us not only for the **excellence** of our products, but also for our **expertise** and ability to offer **tailor-made solutions**.

Our mission is to **harness the power of omega-3 oils to improve life quality**, ensuring that both **humans and animals** can enjoy the numerous health benefits these vital nutrients provide.

OLVEA Omega Solutions is an **active member** of:

## OUR MARKETS

### Benefits for all

Our products serve various markets, spanning from **human nutrition**, to **animal nutrition** and **aquaculture**:

### HUMAN NUTRITION

Our products are essential components of **dietary supplements** and play a key role in **promoting overall health and well-being**.

Rich in omega-3 fatty acids, our oils support a wide range of benefits, including **heart health, cognitive function, and inflammation reduction**.

### ANIMAL NUTRITION

We supply **tailored omega-3 solutions** designed to bolster the immune system and support optimal **health and growth**.

For **petfood** more specifically, our oils enhance **skin and coat quality**, joint health, as well as **cognitive function**, contributing to a happier and more active life.

### AQUACULTURE

Our oils ensure that fish benefit from **improved feed efficiency and resistance**, leading to healthier and more robust growth.

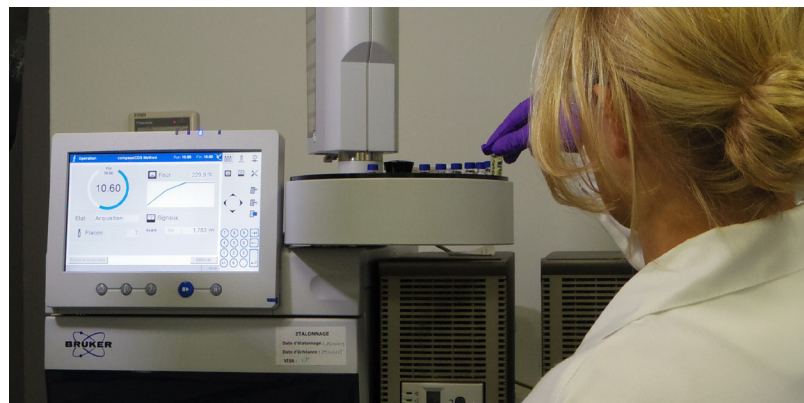

With their rich omega-3 content, our oils enhance the **quality of aquaculture** products while supporting **sustainable farming practices**.

## QUALITY & traceability

OLVEA places **quality** and **customer satisfaction** at the top of its priorities. Our production facilities are **GMP+** and **FSSC 22000** certified, adhering to the highest standards of hygiene and quality. These certifications encompass **HACCP** principles and **rigorous sanitary risk** management, ensuring **excellence** throughout our entire manufacturing process.

By documenting the **species, fishing areas** and **gear** used, among other data, we **trace the journey of our oils, from the ocean to our customers**. This traceability provides **valuable information**, and fosters trust in the quality of our omega oils.

## We source, we refine, we care

## OUR INDUSTRIAL SITES

### Operational Excellence

In response to the ever-changing needs of the market, we have **strategically developed our own facilities units** in Agadir (Morocco), Nouadhibou (Mauritania) and Normandy (France). These units allow us to ensure oils with a **premium and controlled quality**.

### 35,000 tons

global tank farm capacity

### 2

refining units feed/food

### 30,000 tons

refining capacity

### OLVEA Green Technologies

*An eco-refining unit (France)*

Created in 2018, OLVEA Green Technologies stands as **one of the first eco-designed refining units in Europe**, prioritizing the **lowest environmental impact**. Our plant allows us to purify oils while complying with strict **Food Defense standards** and a robust health **risk management system**.

### 1,300m<sup>2</sup>

of solar panels

### 100%

green electricity

### 100%

biogas by 2029

### OLVEA Mauritania

*A pivotal addition to our operations (Mauritania)*

Established in 2012, OLVEA's **Omega-3 oils sourcing and storage facility in Mauritania** significantly bolsters our supply chain capabilities.

OLVEA Mauritania allows us to efficiently source and store high-quality oils, ensuring a **steady and reliable stream** of raw materials for our customers.

### OLVEA Atlantic

*A pioneering refining unit (Morocco)*

Set up in Morocco in 2005, our plant positions us as pioneers in **direct sourcing, meticulous supplier analysis, and expert processing** of Atlantic Omega-3 oils.

With two decades of expertise, we continue to **lead the industry**, setting new standards of excellence in sourcing and refining practices.

## STRIVING FOR PEOPLE & NATURE Our CSR ambition

Member and Signatory of the **United National Global Compact** since 2015, OLVEA is dedicated to contributing to the **UNSDGs** with ongoing efforts directed towards **benefiting communities and healthy oceans**.

**Preserving marine life** for future generations while ensuring reliable supplies for our customers are our top priorities: our **target towards 2029 is to reach 100% of oils from sustainable sources**. To achieve this goal, our *Sustainable Sourcing Policy* ensures the use of **best practices**, including **direct sourcing, transparency, long-term partnerships, suppliers' empowerment** as well as the **measurement** of environmental and social impacts.

OLVEA offers its clients **responsibly-sourced products** backed by a portfolio of certifications.

# SMETA

## SUSTAINABLE Business practices

Recognized for our excellence in terms of **CSR performance**, OLVEA Green Technologies has been honored with the **Platinum Medal**, the highest distinction awarded to the **top 1% companies globally assessed by EcoVadis!**

Dedicated to maintaining high standards of social responsibility and workplace safety, OLVEA Omega Solutions has undergone a rigorous **SMETA audit**, a globally recognized standard focusing on **health and safety, working conditions, and labor practices**.

## FISHERIES IMPROVEMENT PROJECT (FIP)

Since we have established our presence in **Mauritania in 2014**, we have been aware of the challenges ahead and took **concrete action**. We therefore initiated the **Small Pelagics Fisheries Improvement Project (FIP)**, a multi-stakeholder program involving scientific researchers, national authorities, certification standard and the private sector.

This project aimed at **improving the management of fisheries**, encouraging factories to get the **MarinTrust certification**, and more recently to **addressing the social impacts of the fishing activity locally**.

## MAURITAVIE Act with meaningful projects

MauritaVie is a **charity** dedicated to **collective social, cultural, educational and environmental actions** in Mauritania.

Financed by OLVEA Omega Solutions, which donates a percentage of its sales turnover, MauritaVie is **voluntarily run** by OLVEA Mauritania employees. It has undertaken many actions such as: **creation of classrooms**, and the **distribution of drinking water, solidarity baskets**, as well as **school supplies**.

OLVEA Omega Solutions supports a **healthy and sustainable future**:  
by working with us, you will be assured of **superior quality** omega oils  
and a **shared commitment** to making a positive impact on the world.
